HELLO GORGEOUS

Welcome to the one of the most wonderful and empowering experiences you'll enjoy as a human: taking time, just for you, to perfectly capture your beauty in the form of fine art.

Our studio works closely with you to emphasize and celebrate your unique beauty, and we can't wait to show you how stunning you are.

Every person has unique and captivating beauty to offer—inside and out. Whether you're sun-kissed with freckles, are a bit smaller or larger than you want to be or

have a few areas you feel self-conscious about, it doesn't matter. Drawing out the gorgeousness in each and every one of our clients is one of our greatest pleasures.

Welcome to the beginning of your intimate boudoir session, or, as we like to think of it: your pampering luxury experience. Relax, pour yourself some tea (or maybe bubbly), and let us guide you.

Thank you for trusting Dana Kae Photography for such an important and memorable experience. We know you'll love every minute of it!

xoxo,

DANA KAE

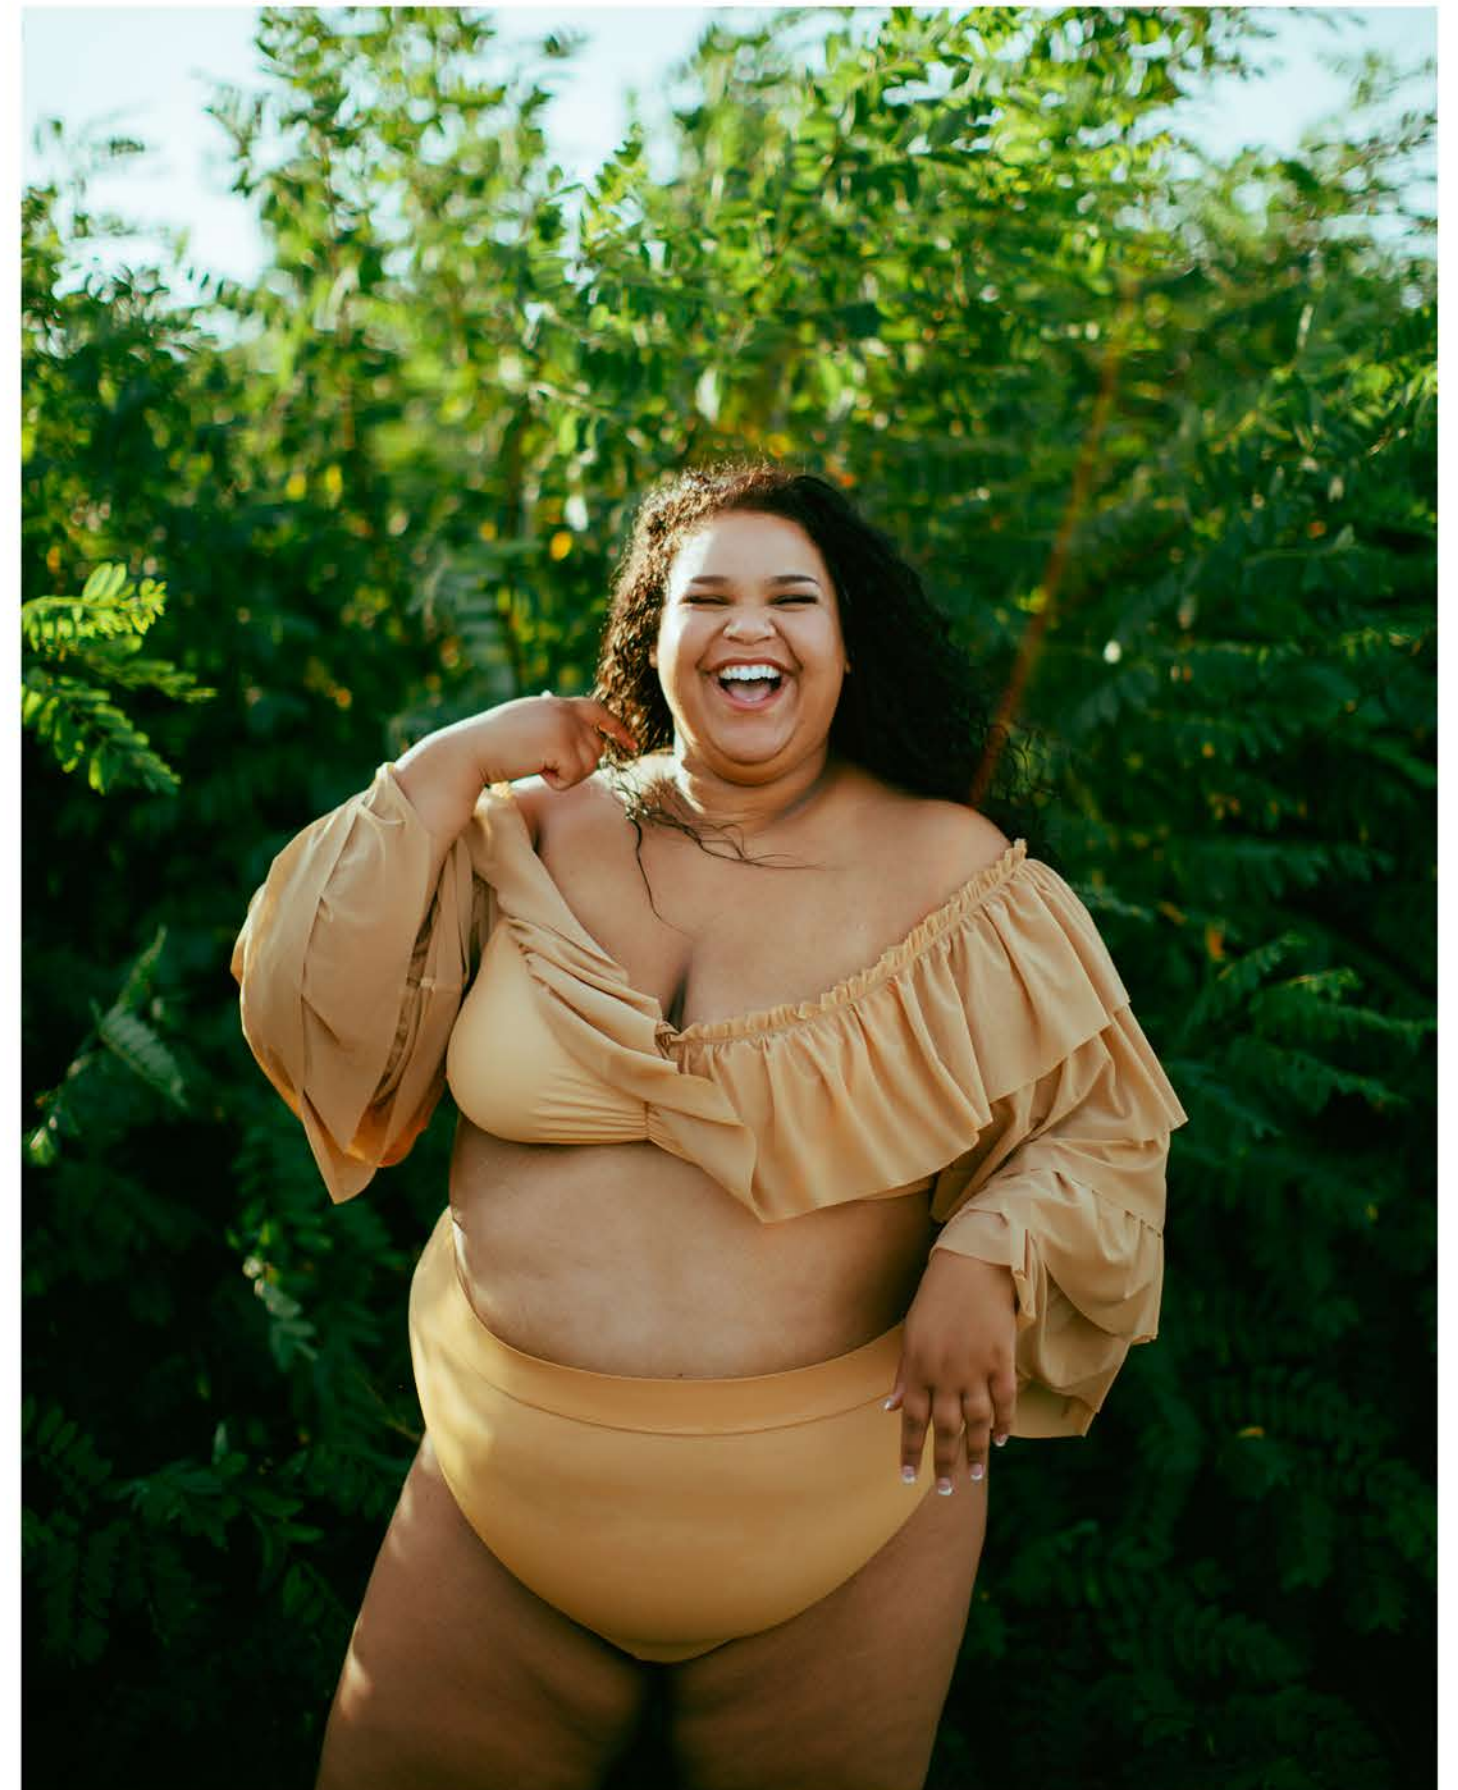

LOVE LETTERS FOR DANA KAE BOUDOIR

"Don't be nervous! Dana is SO MUCH FUN and easy to work with, not to mention, you get amazing one-of-a-kind pictures. She takes time to get to know you during her pre-planning session and makes you feel 100% comfortable during the shoot. Dana even brings wine and your favorite kind of fresh flowers. How great is that!?!? I can't wait to give my boudoir book full of Dana's shots to my soon-to-be husband the night before our wedding!" —AMANDA

"As a photographer myself I was extremely picky and critical of the boudoir portfolios I was researching out there. Dana's BY FAR was the most beautiful, classy, unique, and technically well executed. The actual shoot itself went so smoothly, and after a couple glasses of champagne (she knows what she's doing:)) the nerves were gone, and I was shocked that I was actually having FUN. And, the results were gorgeous." —KIMBERLY

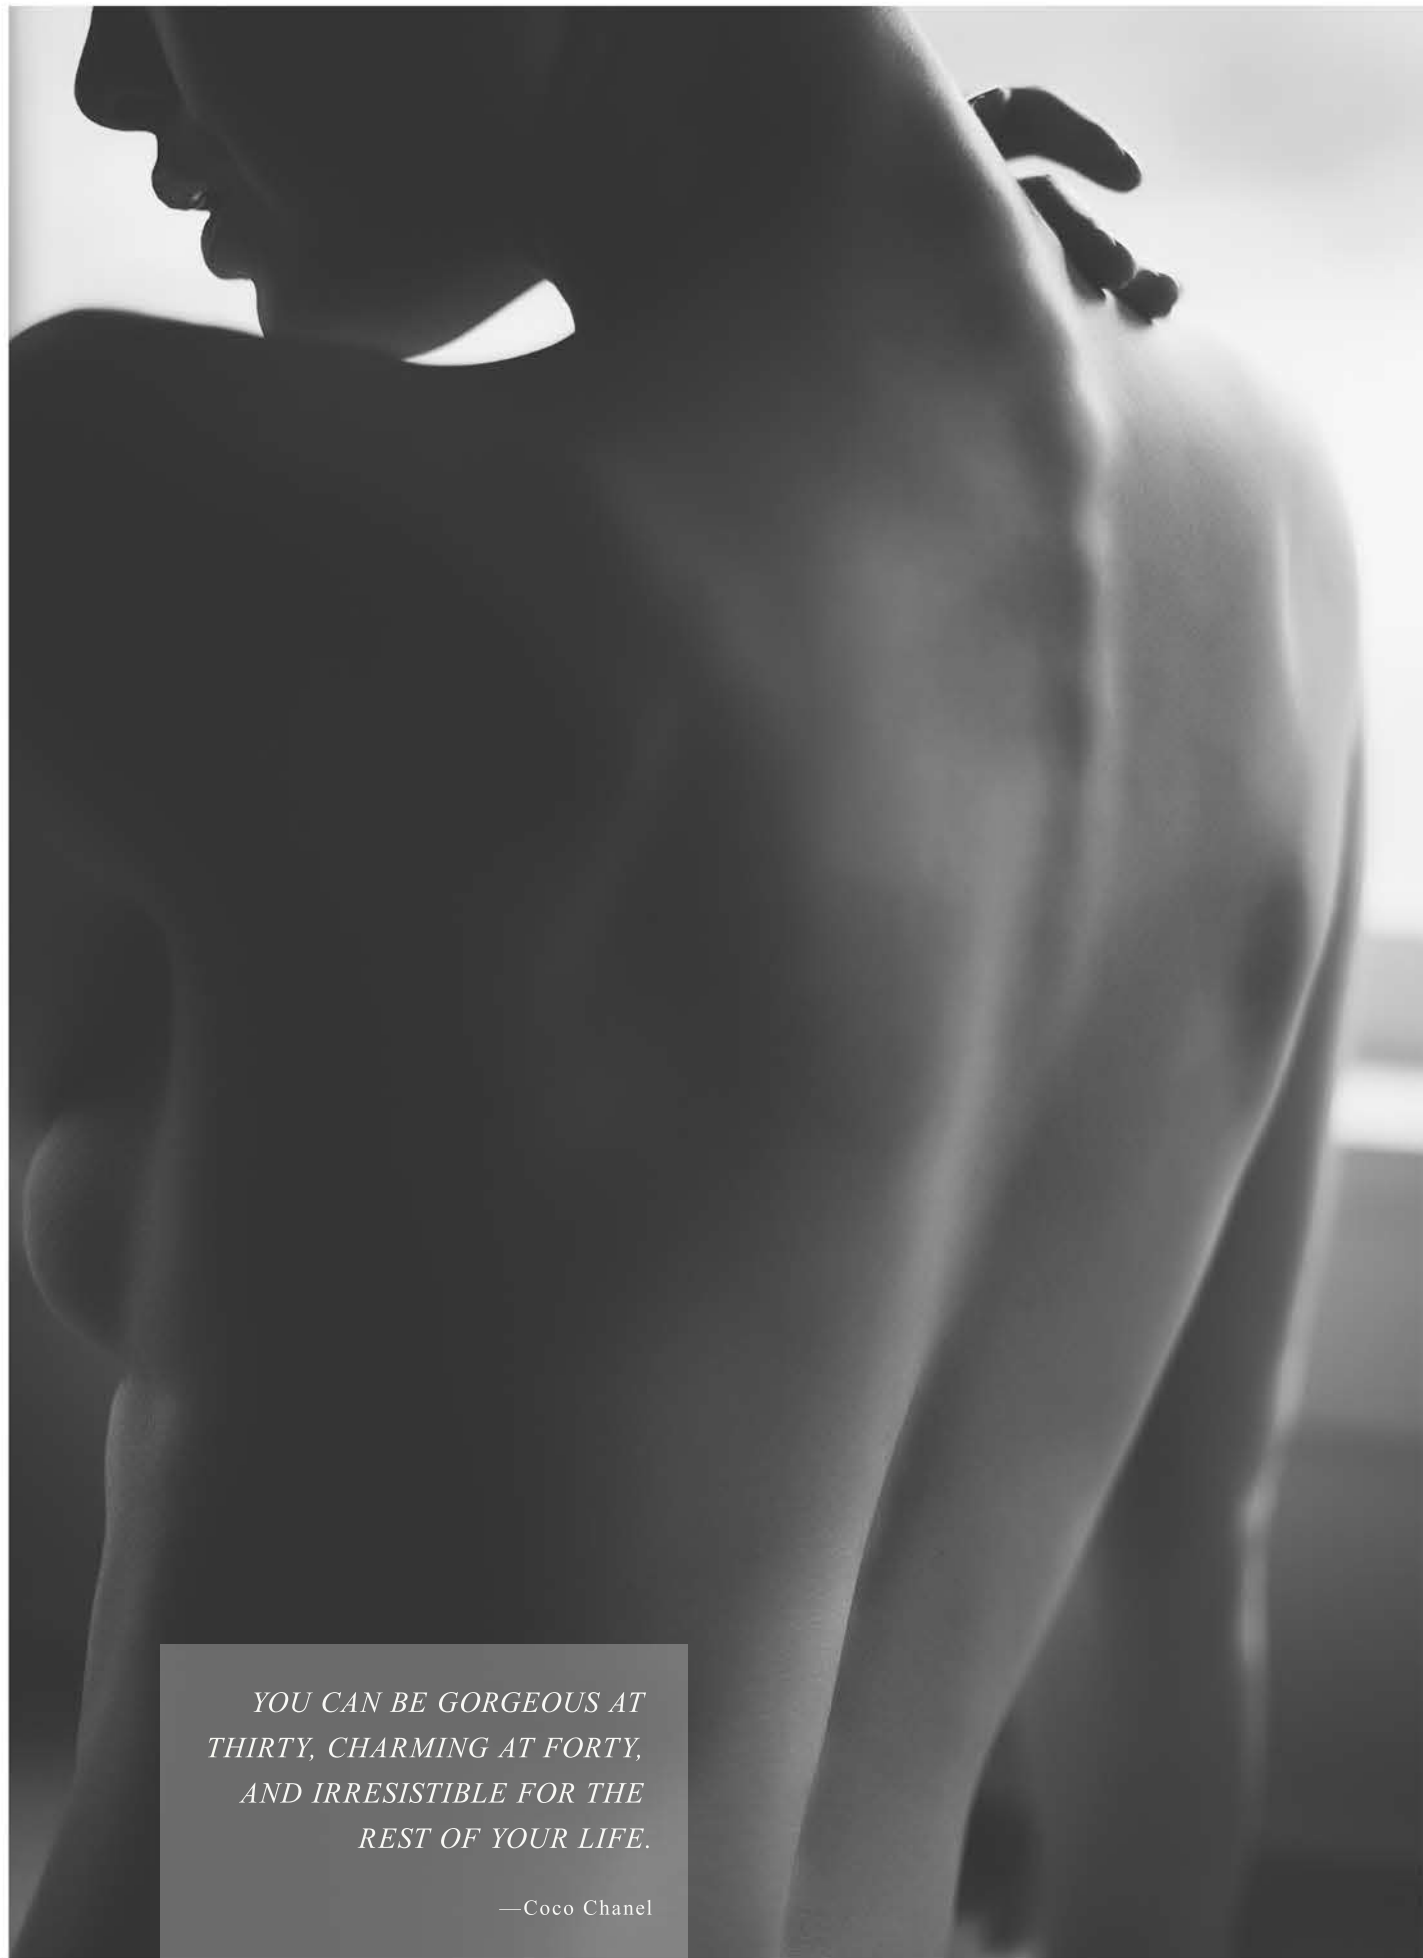

Dana is punctual, professional, caring, and a gorgeous soul to work with. Everything from our initial emails, to pre-shoot meetings, up to the shoot itself was part of a whole process that promoted body love and self-affirmation. She answered every question and eased every concern. If you are on a journey to learn to love yourself, I cannot recommend more highly booking a shoot with Dana – she will rock your world and change your life!" —CARRIE

"From the very first step, you are in the best hands imaginable with Dana; she listened to my ideas, got a feel for what I was looking for, and took the time to just get me as a person. Knowing that makes it easy to relax and trust in her. Shooting with Dana now ranks among my very favorite life experiences. It has been kind of life-changing. If you're thinking about booking a shoot with Dana, don't even hesitate. You will thank yourself for years to come!!" —EMILY

CLIENT SPOTLIGHT

As a soon to be bride, it was the perfect time for Ruby to feel glamorous. So, as a special treat for herself (and as a surprise for her new husband), we spent the day at his

family's cabin to get the perfect meaningful photos.

Ruby put her all into the shoot, bringing over 8 pairs of shoes and a set of lingerie to match each pair. It was EPIC. Her husband recieved the book the night before their wedding and he was incredibly thrilled. She often tells me how she catches him perusing through it at all times of the day. I say: why wouldn't he!

LOCATION SUGGESTIONS

Whether you opt for an elegant indoor session or want a romantic and playful outdoor session, choosing the right location will ensure your photos are exactly what you imagined.

MY TINY HOUSE (INCLUDED):

Tried and true, I've shot in my home many many times. It's great for a variety of vibes - moody/bright/indoor/outdoor - and it's included in your session!

OUTDOOR (TRAVEL INCL. <50 MILES):

For a more natural editorial-style boudoir session., we would be happy to suggest the perfect outdoor location! Just remember, while outdoor shoots yield stunning results, Mother Nature loves to keep us on our toes. Come prepared with plenty of water, an umbrella, natural bug repellent and a knack for rolling with the weather.

AIRBNB/HOTEL/STUDIOS:

A timeless option, hotel rooms are a favorite among boudoir photographers. Choose a room with plenty of windows (corner rooms are usually the best). For a more modern option, rent people's homes! Airbnbs can provide more variety, especially for those who prefer something a little different. They sometimes even include private outdoor space, something you can't often get with a hotel or a park. Another option is the many photography studio spaces Seattle has to offer if you want that blank canvas kind of vibe! I even have a list of my favorite Hotel/AirBnB/Studio locations! Ask me about it! Keep in mind, for hotels or AirBnBs you may need to book 2 nights to allow for one full day in the space.

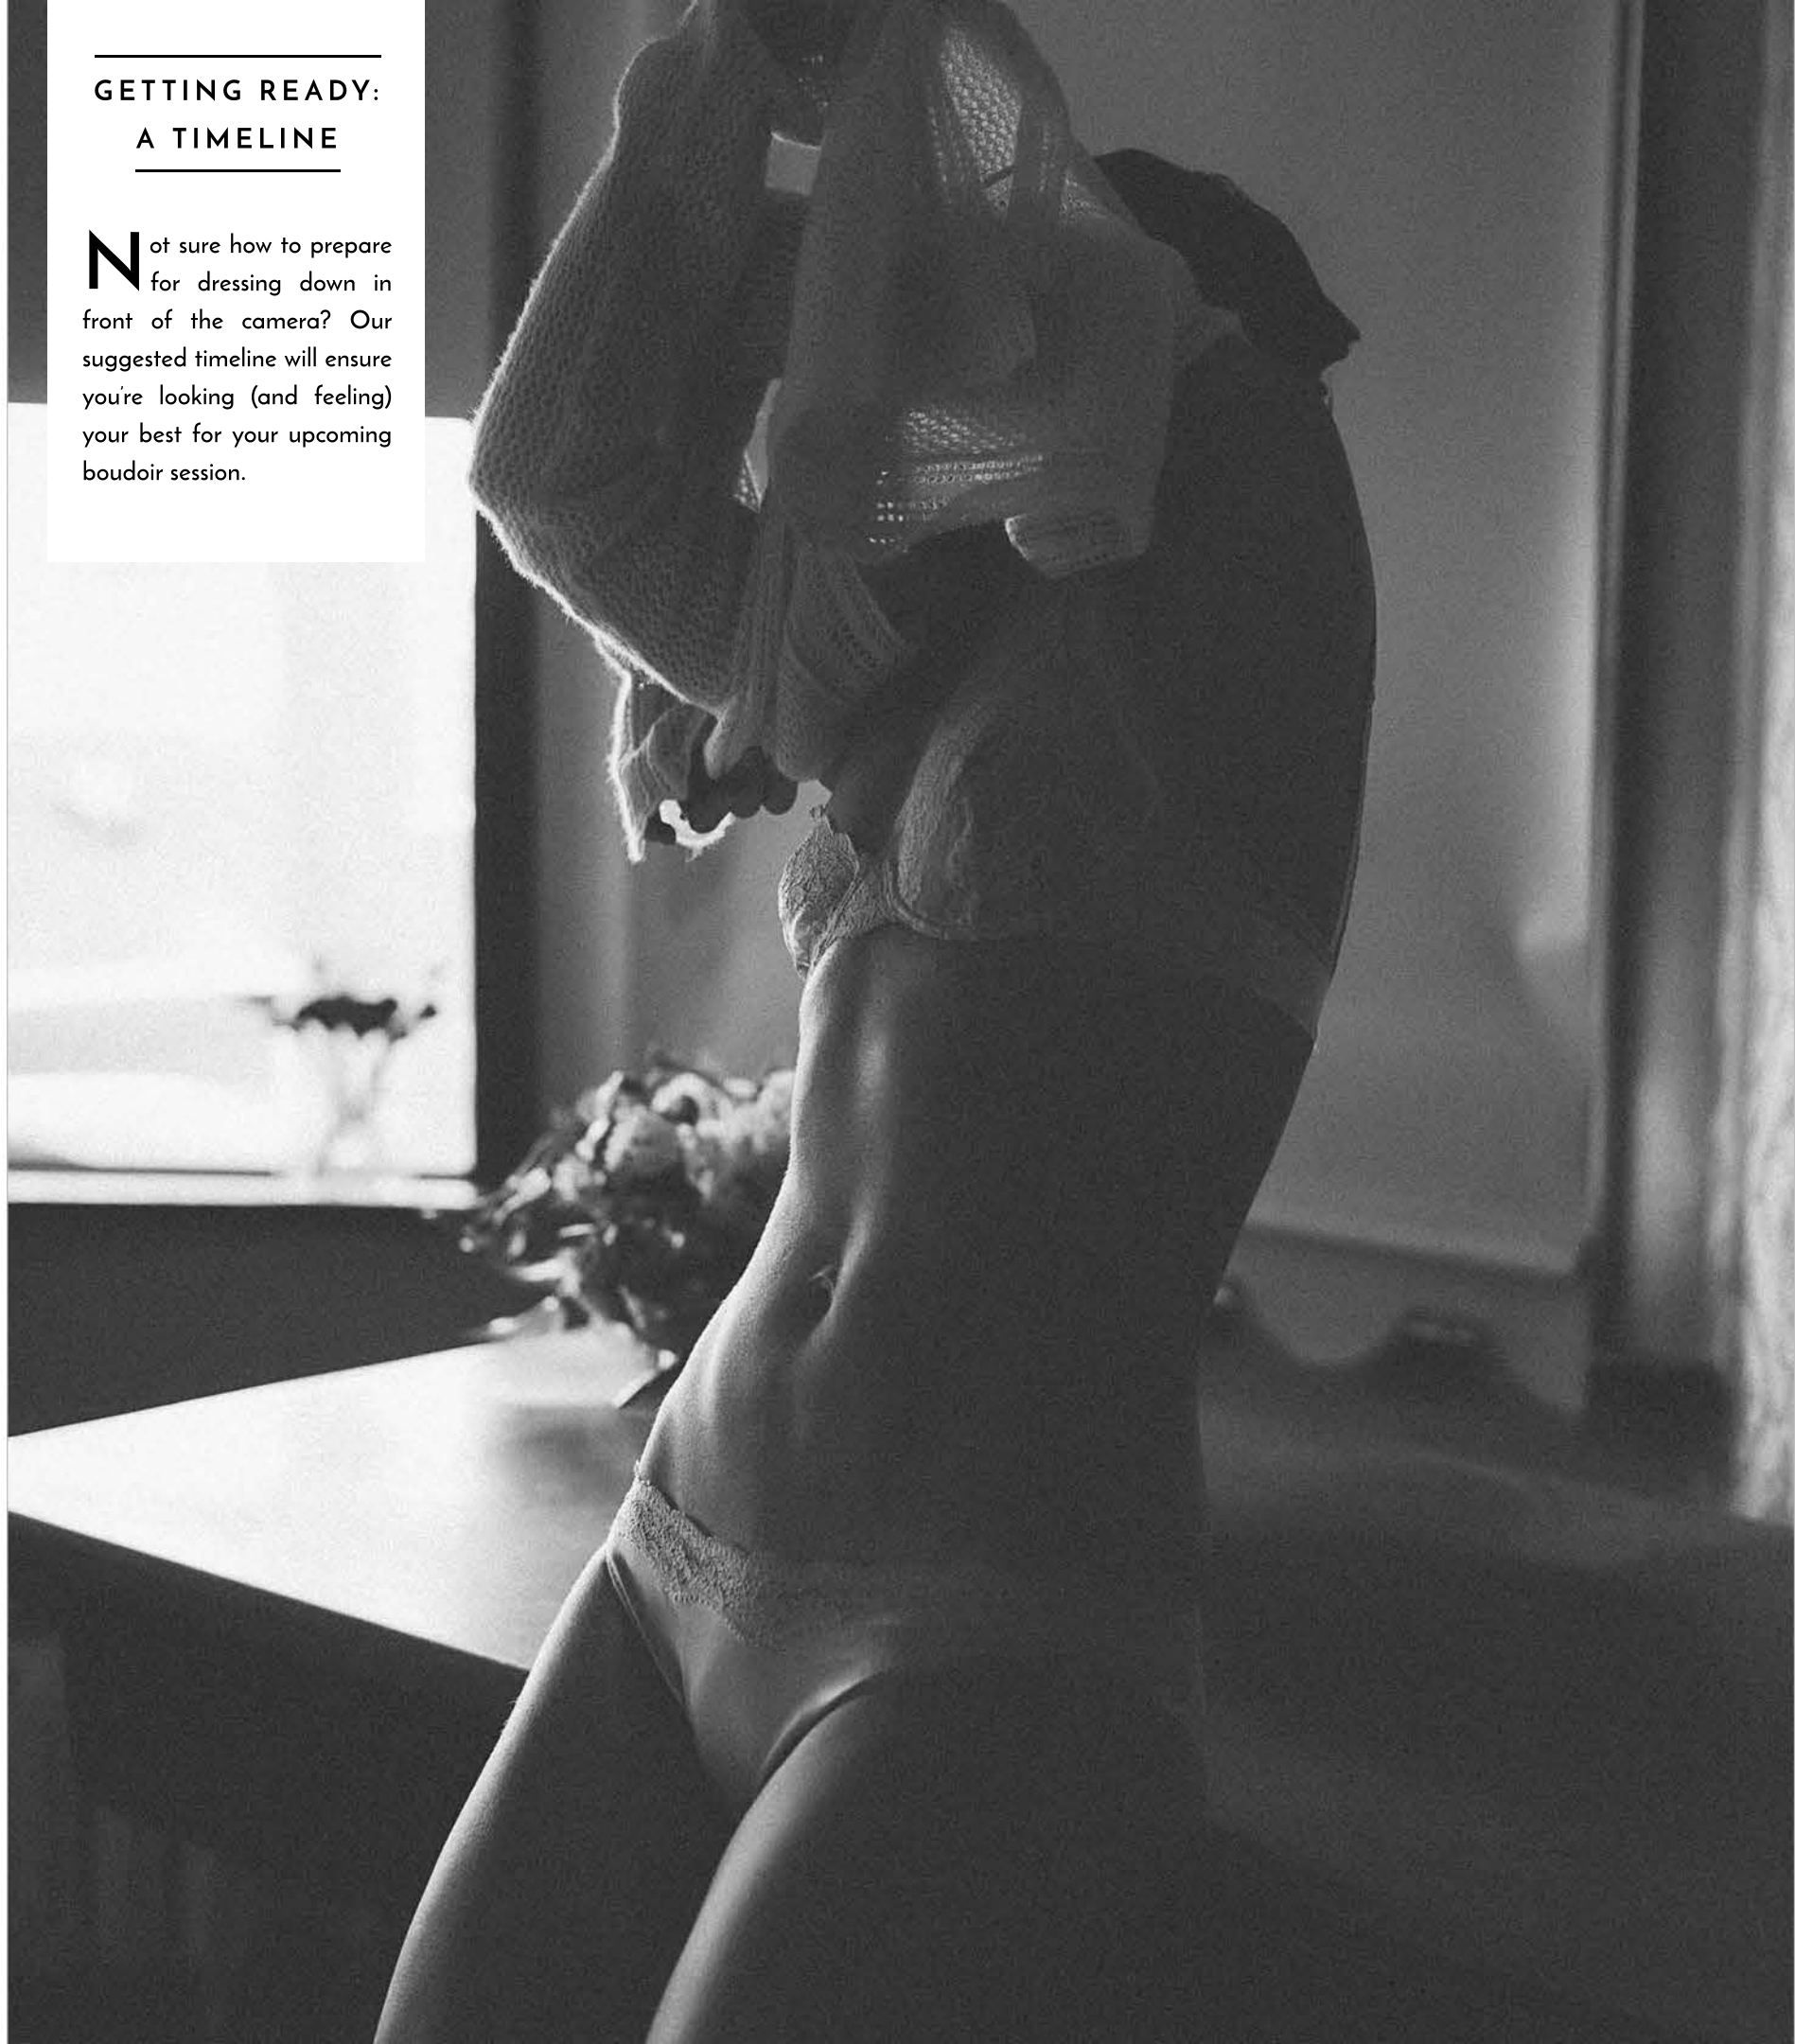

AT YOUR HOME:

Choosing your home as your location will lend a personal and intimate touch to your photos. Plus, where else are you more at ease than in your own space? To ensure your house is ready for your session, declutter as much as possible and make sure all family members, roommates and pets have other plans for the day. Having the place to yourself makes it much easier to find your romantic and confident frame of mind!

I COULD DO IT ALL
OVER, AGAIN AND
AGAIN. THE TANGIBLE
ASPECT OF THIS GIFT –
THE SET OF PHOTOS I
WILL CHERISH FOREVER
– WAS MORE LIKE THE
ICING ON THE CAKE FOR
THE REAL GIFT SHE
GAVE ME, WHICH WAS A
RENEWED SENSE OF
SELF. SHE GAVE ME THE
GIFT OF CONFIDENCE,
OF STRENGTH. SHE GAVE
ME THE GIFT OF SIGHT.

GETTING READY:
A TIMELINE

Not sure how to prepare for dressing down in front of the camera? Our suggested timeline will ensure you're looking (and feeling) your best for your upcoming boudoir session.

PREPARE

- Schedule your boudoir session and brainstorming session with Dana Kae Boudoir! 206-659-3298 📞
- If working out is your thing, now may be the time to take that yoga challenge you've been considering. Do what makes you feel best!

2 MONTHS

- Mark your calendar! Schedule hair, makeup, nail and/or aesthetician appointments.
- Give yourself plenty of time to shop for something that makes you feel confident and beautiful (we recommend creating a secret Pinterest inspiration board with images you find from around the Internet or from our website at danakae.com or pinterest.com/danakaephoto).
- Get a music playlist together!

1 MONTH

- Start to gather items for the session that have personal meaning to you.

- Get waxed (bikini, lip, brow—whatever your normal routine is) a few days prior to your session to make sure any redness or irritation has subsided.
- Stay out of the sun. For a nice glow, consider a natural spray tan. If you've never had one before, perform a trial run a few weeks beforehand.
- Try on outfits and narrow down your wardrobe selection.
- If you're trying out a new hairstyle or color, give yourself a few days to adjust and to make any changes if needed.

3-5 DAYS

- Drink plenty of water for radiant skin.
- Sweat it out — get that last workout in (but take it easy).
- Treat yourself to a manicure and pedicure. Scrub those feet!
- Take a long bubble bath to relax. Listen to calming music.
- Try on all outfits and accessories to make doubly sure everything fits well. Remove all tags. Steam, hang and pack.
- **Moisturize your skin all over before bedtime.**

DAY BEFORE

- **Most important of all - get a good night's sleep!**

- Drink plenty of water (again).
- Use a clear deodorant.
- Have your hair styled and makeup done.
- **Wear comfortable clothing prior to arrival at the location to avoid lines or marks on the skin.**
- Eat something light but filling - bright snacks if you need them.
- When you arrive for your appointment, we'll provide you with your beverage choice: water, tea, or if your package includes it, a little bubbly to soothe those nerves!

DAY OF

WHAT TO WEAR

What’s on the outside should reflect inside, so the most important guideline for choosing what to wear during your session is to pick something you feel confident in. Choose options ranging from sassy lingerie to his button down shirt and cuff links. If you’re feeling extra brave, you can opt to wear nothing at all for “implied nude” photos! We will capture tasteful, coy and flattering poses. Whatever you choose, we want you to feel beautiful and confident. Staying true to yourself is the most beautiful look of all!

POSING GUIDE

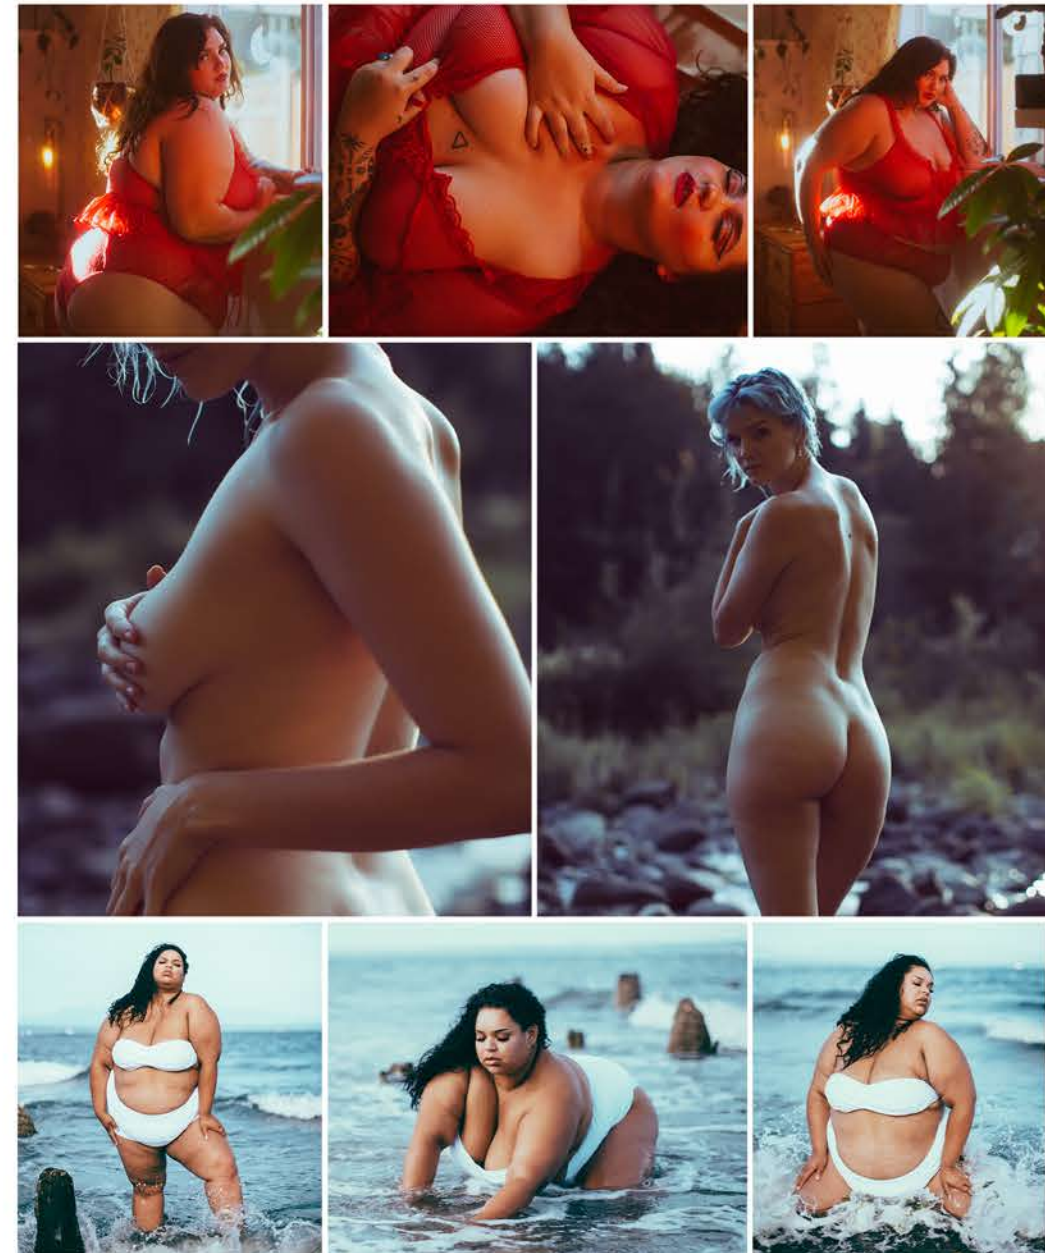

No matter how fantastic you look and feel, posing while the camera clicks away might feel a bit unnatural at first. While mood music (and a little bubbly) can help shake those butterflies, we've found it also helps to practice a few of your favorite poses at home before your session to make you feel more comfortable once your

big day arrives. We recommend being inspired by ads from your favorite fashion magazines and websites. Still feeling camera shy? We have plenty of flattering poses in our repertoire to help boost your confidence and allow your photogenic self to shine!

PRO TIPS

- Your face, neck, shoulders, ankles and hands carry the most tension. Do your best to relax them.
- If you don't know what to do with your hands, touch your face or body, or lightly hold onto your necklace or clothing.
- Let your eyes follow the line of your nose. Look with your whole head, not just your eyes.
- Elongate your neck.
- A few weeks before your boudoir shoot, keep an eye on Pinterest or flip through magazines for some favorite, flattering pose ideas. Don't think about it too much — we'll be there to help!
- Have fun and experiment! Don't be afraid to try out a pose; we're here to support you.
- Don't forget to laugh. While a smoldering gaze is nice in moderation, your real personality should always shine through the femme fatale.

***BEFORE YOUR BOUDOIR SESSION, TRY ANY OR ALL OF THESE POSES IN THE MIRROR AT HOME**
